We have received the attached letter from your team's hotel in Vilnius.

As you can understand, such behaviour will not be tolerated.

Please make sure your athletes apologize to the hotel management and the Organizing Committee, and know that if something like this occurs again, we will be forced to suspend your athletes for the remainder of the competition, and the hotel, the LOC and the local authorities will be responsible for making decisions regarding your team members' behaviour.

Of course, this may also need to be addressed internally with the European Aquatics Bureau.

Please confirm receipt of this email.
